

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR

GREETINGS:

It is my pleasure to join with Pennsylvania Paper & Supply Company (PPS) in celebration of their 100th anniversary.

Since it's founding in 1922, PPS has been able to overcome the many hardships it faced in its success. Their mission to provide exceptional service while upholding the core values of PPS has excelled the business from a small Scranton shop to now serving clients on a national market across North America. I commend PPS for building the company to what it is today and for your dedication to your consumers and your trade. I am certain that your example of commitment and camaraderie will inspire local businesses throughout the commonwealth for years to come.

As Governor, and on behalf of all citizens of the Commonwealth of Pennsylvania, I am honored to celebrate Pennsylvania Paper & Supply Company 100th anniversary. Please accept my best wishes for a memorable event and continued success.
